Regio1st raises awareness about the Energy Efficiency First principle (EE1st) among regional governments and their agencies and supports them to make related decisions in their planning.

Objectives

Provide decision-support for regional authorities to apply the EE1st principle in their energy-related planning practices

Establish a community of practice for EE1st to ensure political commitment and societal acceptance through co-development of energy related scenarios

Support the introduction or strengthening of EE1st in the revision of National Energy and Climate Plans (NECP), Regional Operational Programs and foster the enforcement of the Multilevel Climate and Energy Dialogue provision
